CAREGIVER BACKGROUND CHECK INFORMATION

The law requires that the Community Care Licensing Division check the criminal background of all adults who apply for a license to operate a community care facility. We also check the criminal background of all adults who want to work, reside in or have contact with clients being cared for in a community care facility.

What is a background check?

As part of the background check process you must be fingerprinted and tell whether you have ever been convicted of a crime other than a minor traffic violation. The Department of Justice and the FBI will check your fingerprints against their criminal record information. If you will have contact with children, your name will be checked against the Child Abuse Central Index registry. This is a listing of people who have been reported for suspected child abuse. If you have not been convicted of a crime and have no child abuse history, you will be given a "clearance."

What if I have a criminal conviction?

If you were ever convicted of a crime, other than a minor traffic violation, even if it happened a long time ago, you cannot own, live or work (including some volunteers) in a facility unless we give you an "exemption." If the Department of Justice notities us that you were convicted of a crime, we will notify the facility operator that an exemption is needed. If you were convicted of a serious crime or if you are on supervised probation after being convicted of a crime, you probably won't be given an exemption.

You do not qualify for a criminal record exemption if you have ever been convicted of a serious crime such as robbery, sexual battery, child abuse, elder or dependent adult abuse, rape, first degree burglary, arson, or kidnapping. These kinds of crimes are nonexemptible and if you were convicted of one of them, by law you will never be allowed in a facility.

How do I get a criminal record exemption?

As part of the request for an exemption, the facility operator or you must send us convincing proof that you are of good character in spite of your conviction. We will review any information you submit as well as the number and type of crimes committed, how long ago the crime(s) happened, what kind of work you will be doing and whether you will be working with children, adults, or the elderly. (You need not disclose any marijuana-related offenses covered by the marijuana reform legislation codified at Health and Safety Code sections 11361.5 and 11361.7.) If we find that you cases, if you are currently on supervised probation or on parole you will ent be granted an exemption. If your exemption is denied, and you are married to or living with someone who is applying for a license and care will be provided in exemption. If a criminal record exemption is granted to you and you later move, or want to work in a different facility, arrested or convicted after an exemption is granted to you, your exemption may be cancelled. If you are married to or living with someone who is licensed, and care is provided in your home, the facility license may be suspended or revoked.

You are strongly encouraged to read the licensing criminal record exemption regulations to find out the amount of time that must pass following your conviction, before you can qualify for an exemption. Some convictions require longer periods of time following conviction than others. The regulations and other information can be found on our web site at www.ccld_ca.gov.

How long does the criminal record exemption process take to complete?

If you do not have a criminal record, a clearance is normally available in a few days. If an exemption is needed, it may take three months or longer to complete the process.

DISCLOSURE OF CRIMINAL RECORD EXEMPTION INFORMATION UNDER THE CALIFORNIA PUBLIC RECORDS ACT

If you are granted a criminal record exemption, your name will be given out to the public, upon request. If you own a facility and you have staff, residents or volunteers who have a criminal record exemption, the name of your facility will be given out to the public, upon request.

Discipline Policy and Behavior Guidance

Our staff will provide each child with guidance that helps the child acquire a positive self-concept. Discipline and behavior guidance used by each caregiver will always be constructive, positive and suited to the age of the child. The following rules and standards will apply in the center for preschool children. (Infants are not disciplined.)

1. To prevent unacceptable behavior from occurring, the staff will:

a. Model appropriate behavior for the children

- b. Arrange the classroom environment to enhance the learning of behaviors that are acceptable.
- Use descriptive praise when appropriate behavior is occurring (for example: Look how well you are cleaning up after yourself.")
- 2. When unacceptable behavior is about to occur or is occurring, the staff will use:
 - a. Redirection: substituting a positive activity for a negative activity.

b. Distraction: change the focus of the activity or behavior

- c. Active Listening: to determine the underlying cause of the behavior
- d. Loss of Freedom: child will be required to stay with a teacher for a short time until behavior improves.

The program complies with all federal, state and local laws which prohibit corporal or abusive punishment in child care settings. Staff are strictly prohibited from using unproductive or shaming methods of punishment

Little Acorns Montessori believes that parents and child care staff must work together to deal with persistent behavioral issues such as biting, or unusual or dangerous aggression to self or others. If a child appears to be unusually stressed, anxious or otherwise motivated to engage in negative behaviors, the parents will always be consulted.

I have read and understand the explanation of Little Acorns Montessori's discipline methods.

Nap Sack Policy Acknowledgement

Nap Sack Contract

In order to meet licensing regulations, which require that each child's napping linens stay entirely within their own cubby and do not touch any other children's linens, we will assign a "nap sack" for children who stay at school for nap. The nap sack is a small polar fleece sleeping bag that rolls up into a small cylinder. You may provide a small pillow with a washable cover and a small favorite nap companion, like a stuffed animal. Please DO NOT send your child with a large pillow, large stuffed animal or large blanket as these items will not fit in the cubby.

Nap sacks must be taken home and washed at the end of each week and returned on the child's next day of attendance. LABEL ALL LINENS AND PERSONAL ITEMS.

Linen Fee: If you forget your child's nap sack, we can provide a loaner. You will be charged a \$1 fee per day that LAM provides a loaned nap sack for your child. You will be charged a \$25 deposit which will be forfeited if your child's nap sack is lost or destroyed.

I have read the nap linen policy above and I understand that I am responsible for washing the nap sack each week. I understand that a \$25 deposit will be charged to my account and will be refunded when the nap sack is returned in good condition.
